Stefan Dotter
Belonging(s), 2026

Six archival prints from the ongoing photographic series Belonging(s).

Signed by the artist.

Edition of 3 + 1 Artist's Proof (each print).

Image size: 28 × 36 cm

About the work:

Belonging(s) explores questions of attachment, identity, and place through the displacement of personal possessions across the landscape of Hydra. Removed from their original contexts and photographed in unfamiliar surroundings, the objects become both personal and collective markers of belonging, inviting reflection on the fragile and evolving relationships between people, places, and things.

Price €600 per print
